

DETAIL #:
AUSSIE-MATE-6004-C
AVM SYSTEM 580/582/585
AUSSIE MATE®

Terminations at Sidewalks on Grade
AVM AUSSIE MATE®
Bituminous Sheet Waterproofing.

- NOTES:**
1. Aussie Mate® Membranes are heavy duty bituminous waterproofing sheet membranes for Below-Grade waterproofing applications. Aussie Mate® 580-AL and 582-AL are UV stable, 60-mil membranes with an aluminum protection layer. Aussie Mate® 585-CW is a cold weather membrane that can be installed at temperatures as low as 25°F (-4°C).
 2. For appropriate drainage/protection, use AVM Drain Board 6000.
 3. Contact AVM if no drain board or protection board is specified.
 4. Only AVM approved liquid adhesives or primers may be used. (water-based and solvent-based adhesives/primers are available)
