RESEARCH REPORT: RR 25550
(CSI # 07 14 00)

BASED UPON ICC EVALUATION SERVICE
REPORT NO. ESR-2503

REEVALUATION DUE
DATE: April 01, 2022
Issued Date: March 1, 2020
Code: 2017 LABC

GENERAL APPROVAL –Reevaluation - AUSSIE Membrane (AVM System 500) and AUSSIE Membrane II (AVM System 502) Liquid-Applied Waterproofing Membranes

DETAILS

AUSSIE Membranes are approved when in compliance with the description, use, description, design, installation, conditions of use, and identification of Report No. ESR-2503, reissued April 2019, of the ICC Evaluation Service, LLC. The Report, in its entirety, is attached and made part of this general approval.

The parts of Report No. 2503 marked by the asterisks have been removed by the Los Angeles Building Department from this approval.

The approval is subject to the following conditions:

1. Installation of the product shall be in accordance with the manufacturer's instructions and the requirements herein. A copy of this report and the installation instructions shall be provided at each job site by the manufacturer.
2. All materials shall be delivered to the job site in the original sealed containers bearing the product name, manufacturer's lot number, directions for use and precautionary labels.
3. The product is approved for below-grade waterproof as required by Section 1805 of the 2017 Los Angeles City Building Code.

Liquid-Applied Waterproofing Membranes

DISCUSSION

The report is in compliance with the 2017 City of Los Angeles Building Code.

The approval is based on tests in accordance with ICC ES (AC29).

This general approval will remain effective provided the Evaluation Report is maintained valid and unrevised with the issuing organization. Any revision to the report must be submitted to this Department for review with appropriate fee to continue the approval of the revised report.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this Approval have been met in the project in which it is to be used.
