Aussie Mate 580-AL

Transition to Aussie Skin Flush Footing

AVM AUSSIE MATE 580-AL

Notes:

1. Aussie Mate 580-AL is an LARR approved Waterproofing membrane and Methane Barrier.
2. Aussie Mate 580-AL is a UV stable, 60-mil heavy duty bituminous sheet membrane with aluminum protection layer for Below-Grade waterproofing applications. Aussie Mate 580-AL may also be used as a methane and/or vapor barrier under horizontal slabs on grade.
3. See "Aussie Mate 580-AL Installation Instructions" for system requirements.
